<b>Further details of task</b>	<p>You should aim to complete the grammar booklet as it gives a good overview of grammar you need to know in preparation for the A level course.</p> <p>The second task is more flexible – it invites you to engage and interact with the Spanish language and culture, in preparation for the topics we will tackle along the way.</p> <p>The third task partly draws on what you learnt at GCSE, but also requires you to do some research. Try to include some facts and figures from Spanish-speaking countries, as this is a skill you need to develop for your A-level course. This will also help you to show your motivations for studying Spanish and its importance in the modern world.</p> <p>¡Mucha suerte!</p> <p>Mr Groom and Mrs Pines</p>
