

Italiano!

Ciao ragazzi!

Italian is a beginners' course aimed at students who are keen to learn another language. Lessons are every Thursday afternoon and last for an hour. The course content is similar to the areas usually studied at KS3 in French, German and Spanish, but also covers topics that would be useful if visiting the country eg. Myself and Family, Free Time, Food and Drink, Shopping, Places in the Town. We also talk about aspects of Italian culture and occasionally watch an Italian film or two! Lessons cover all 4 skill areas: listening, speaking, reading and writing. Although there is no homework, in order for students to make progress in Italian, they will be required to learn vocabulary from time to time. Students do not need to be studying another language in Y12 in order to take up this option.

Grazie!

ITALIAN FORMS PART OF OUR INVEST CURRICULUM.
