

Drama

Our House Drama competition is an important High School tradition and is held every two years. Each House is responsible for performing a play, or part of a play, to the rest of the school and those performances are then judged by a visiting expert (often an ex-student who has made the stage their career). It is a great occasion and, in the run up to it, a team of Sixth Formers, headed by the House Drama Captain is responsible for auditions, organising rehearsals and inspiring the younger years to get involved, whether it be with acting or back-stage. It is a great opportunity to develop directing and leadership skills and the results are always fabulous.
